VOTING RECORD

IOWA GENERAL ASSEMBLY

This voting record covers only recorded floor votes of the Iowa Senate and Iowa House that are of utmost importance to labor. Thus, unfortunately, not all of our priorities are in the record, and we must use other means to determine legislators' positions on those issues until such time as there is an official vote. This record does, however, serve as a tool to help Iowa trade unionists access whether or not their elected representatives support a agenda that benefits all workers, organized or not.

Iowa Senate 2017 Recorded Votes on Labor Bills and Amendments

#	Bill Name & IFL Position	Bill Description
1	Senate File 130 – Governor’s Deappropriations for Current Fiscal Year <i>IFL Position was NO. Passed Senate 28-19, 3 Absent or not voting. Bill was Signed by Governor.</i>	The legislature’s first major action was to cut the budgets from the current fiscal year after revenue estimates showed a much lower amount of revenue coming in. This legislation resulted in harmful cuts to major services to the total of \$117 million, while no tax credits, tax cuts, nor was the Governor’s office affected.
2	HF 542 – Qualifying for Second Year Unemployment <i>IFL Position was NO. Passed Senate 29-21. Bill was signed into law by the Governor.</i>	This bill increased the amount an employee must earn to eight times (8x) the weekly benefit to be covered for a second year of unemployment, a drastic increase from the previous \$250.
3	SF 166 – K-12 School Funding <i>IFL Position was NO. Passed Senate 28-21, 1 Absent or not voting. Bill was signed into law by the Governor.</i>	This bill set the K-12 growth rate for supplemental school aid and categorical growth at 1.1%. The IFL Position was no less than 4%, because schools have been underfunded or not funded at all for many years now.
4	HF 203 - Davis-Bacon Road Swap/ Bypass Made in America Rules <i>IFL Position was NO. Passed the Senate 26-21, 3 Absent or not voting. Bill was signed by the Governor.</i>	This legislation allows local governments to bypass Federal made in America laws that required US Steel and manufacturing to be used if Federal funds are used on a project, and also allows these local governments to bypass Davis-Bacon prevailing wage requirements, resulting in lower wages in rural areas.
	HF 291/SF213 – Severe Limits on Public Sector Collective Bargaining <i>(For Vote on Final Passage, see #59)</i>	This legislation removed all mandatory subjects of bargaining for non-public safety public employees except base wages, and those wages could only be negotiated at 3% or the cost of living whichever is lower. In addition to stripping all rights to negotiate over terms and conditions of employment, this legislation removed the ability of a public employee to have dues deducted from their paychecks, and requires recertification elections before every contract vote, where the union must receive a majority of bargaining unit members, not of those voting, to remain in existence. Contracts are limited to a maximum of five years, and this legislation substantially changes the considerations an arbitrator may take into an account for making a ruling. This legislation also strikes PERB’s power to interpret Chapter 20 of the Iowa Code, allows an incoming Governor to reject a contract or arbitrator’s ruling, and requires public employers to offer health insurance, but does not speak to its cost or quality. One amendment that was adopted did allow release time, seniority, and grievance procedures to be considered permissive subjects of bargaining.
5	Amendments to Collective Bargaining Bill: S-3021 by Boulton <i>IFL Position was YES. Amendment failed 29-21.</i>	Amendment strikes the enacting clause, stopping the law from taking effect.

It also added DOT motor vehicle enforcement peace officers to the public safety class and made release time, seniority and grievance procedures permissive subjects of bargaining. This amendment reduced the level needed for a bargaining unit to be considered public safety employees to 30% of bargaining unit members. 60	HF 516 - Voter Suppression <i>IFL Position was NO. Bill passed in its final form 28-21, with 1 absent or not voting.</i>	The Legislature passed new restrictive laws that would make it much harder to vote in many ways. Voters are now required to show ID, and outlaws same day registration that has been in place for years. If a person does not have a valid picture ID, the state can furnish one, which is hard to justify in tough budget times when other services are being cut. In addition, this legislation shortened the timeline for requesting an absentee ballot by 11 days. This bill also requires signature verification, which is especially problematic for voters that are disabled or seniors. The IFL opposed these measures because we believe we should be making it easier, not harder for people to vote, and this legislation is a solution in search of a problem.
61	HF 295 - Banning Local Government Laws Including Minimum Wage Ordinances <i>IFL Position was NO. Bill passed 29-21.</i>	HF 295 was a far reaching bill that limited the ability of local governments to set employment standards such as wage levels and leave standards. In particular, several Iowa counties voted to raise the minimum wage level in their jurisdictions, with some having taken effect or were about to take effect shortly after the passage of this legislation. This bill lowered the minimum wage for an estimated 85,000 workers living in those counties.
	HF 518 – Workers Compensation Overhaul (For Vote on Final Passage, see #74.)	This legislative session saw the largest overhaul of the worker's compensation system in perhaps Iowa's history of the program. While the initial bill was particularly egregious, the final product was not much better. This bill automatically presumes that an accident caused on the job by a person who tests positive for drugs or alcohol, of any limit, is the workers' fault. Keep in mind that many drug tests have look back periods weeks or months. This bill drastically changes the way that shoulder injuries are treated, whereas once such an injury could be considered a body of the whole injury, a shoulder injury is now treated the same as a scheduled member injury whether or not there is a career ending injury or an office worker falls in the parking lot. This bill also reduced the amount of interest that is paid on claims by insurance companies, making it easier for justice for workers to be delayed. This bill also aimed to make representation of workers by attorneys harder, and further this bill prohibits collecting workers' compensation and unemployment at the same time, even though there are scenarios in which that is appropriate.

	Budget Bills	The final budgets passed by both chambers contained deep cuts to many services that Iowans rely on. These cuts cause real pain to Iowans, and will lead to many layoffs or short-staffing in areas of government that have already been making do with less for years. While we understand this is a hard budget year, no attempt to seriously examine tax credits or other revenue streams were explored this session to fund the state’s priorities and essential services. These following budgets exemplified the worst cuts:
81	SF 510 – Ag & Natural Resources <i>IFL Position was NO. Bill passed 29-21. Signed by Governor.</i>

Iowa House 2017 Recorded Votes on Labor Bills and Amendments

#	Bill Name & IFL Position	Bill Description
1	Senate File 130 – Governor’s Deappropriations for Current Fiscal Year <i>IFL Position was NO. Passed Senate 58-38, 3 Absent or not voting. Bill was Signed by Governor.</i>	The legislature’s first major action was to cut the budgets from the current fiscal year after revenue estimates showed a much lower amount of revenue coming in. This legislation resulted in harmful cuts to major services to the total of \$117 million, while no tax credits, tax cuts, nor was the Governor’s office affected.
2	HF 542 – Qualifying for Second Year Unemployment <i>IFL Position was NO. Passed Senate 58-39. Bill was signed into law by the Governor.</i>	This bill increased the amount an employee must earn to eight times (8x) the weekly benefit to be covered for a second year of unemployment, a drastic increase from the previous \$250.
3	SF 166 – K-12 School Funding <i>IFL Position was NO. Passed Senate 55-40, 5 Absent or not voting. Bill was signed into law by the Governor.</i>	This bill set the K-12 growth rate for supplemental school aid and categorical growth at 1.1%. The IFL Position was no less than 4%, because schools have been underfunded or not funded at all for many years now.
4	HF 203 - Davis-Bacon Road Swap/ Bypass Made in America Rules <i>IFL Position was NO. Passed the Senate 54-41, 5 Absent or not voting. Bill was signed by the Governor.</i>	This legislation allows local governments to bypass Federal made in America laws that required US Steel and manufacturing to be used if Federal funds are used on a project, and also allows these local governments to bypass Davis-Bacon prevailing wage requirements, resulting in lower wages in rural areas.
	HF 291/SF213 – Severe Limits on Public Sector Collective Bargaining <i>(For Vote on Final Passage, see #85)</i>	This legislation removed all mandatory subjects of bargaining for non-public safety public employees except base wages, and those wages could only be negotiated at 3% or the cost of living whichever is lower. In addition to stripping all rights to negotiate over terms and conditions of employment, this legislation removed the ability of a public employee to have dues deducted from their paychecks, and requires recertification elections before every contract vote, where the union must receive a majority of bargaining unit members, not of those voting, to remain in existence. Contracts are limited to a maximum of five years, and this legislation substantially changes the considerations an arbitrator may take into an account for making a ruling. This legislation also strikes PERB’s power to interpret Chapter 20 of the Iowa Code, allows an incoming Governor to reject a contract or arbitrator’s ruling, and requires public employers to offer health insurance, but does not speak to its cost or quality. One amendment that was adopted did allow release time, seniority, and grievance procedures to be considered permissive subjects of bargaining.
5	Amendments to Collective Bargaining Bill: H-1018 by Hunter <i>IFL Position was YES. Amendment failed 55-41, With 4 absent or not voting</i>	Amendment strikes the enacting clause, stopping the law from taking effect.

It also added DOT motor vehicle enforcement peace officers to the public safety class and made release time, seniority and grievance procedures permissive subjects of bargaining. This amendment reduced the level needed for a bargaining unit to be considered public safety employees to 30% of bargaining unit members. It also authorized the United States Department of Transportation Director and United States Department of Labor to restore bargaining rights if needed to avoid the loss of federal funds.

Iowa House 2017 Recorded Votes on Labor Bills and Amendments

#	Bill Name & IFL Position	Bill Description
86	HF 516 - Voter Suppression <i>IFL Position was NO. Bill passed in its final form 56-40, with 4 absent or not voting. Bill was signed by the Governor.</i>	<p>The Legislature passed new restrictive laws that would make it much harder to vote in many ways. Voters are now required to show ID, and outlaws same day registration that has been in place for years. If a person does not have a valid picture ID, the state can furnish one, which is hard to justify in tough budget times when other services are being cut. In addition, this legislation shortened the timeline for requesting an absentee ballot by 11 days. This bill also requires signature verification, which is especially problematic for voters that are disabled or seniors. The IFL opposed these measures because we believe we should be making it easier, not harder for people to vote, and this legislation is a solution in search of a problem.</p>
87	HF 295 - Banning Local Government Laws Including Minimum Wage Ordinances <i>IFL Position was NO. Bill passed 56-43, with 3 absent or not voting. Bill was signed by the Governor.</i>	<p>HF 295 was a far-reaching bill that limited the ability of local governments to set employment standards such as wage levels and leave standards. In particular, several Iowa counties voted to raise the minimum wage level in their jurisdictions, with some having taken effect or were about to take effect shortly after the passage of this legislation. This bill lowered the minimum wage for an estimated 85,000 workers living in those counties.</p>
	HF 518 – Workers Compensation Overhaul (For Final Passage of HF 518, see #91)	<p>This legislative session saw the largest overhaul of the worker's compensation system in perhaps Iowa's history of the program. While the initial bill was particularly egregious, the final product was not much better. This bill automatically presumes that an accident caused on the job by a person who tests positive for drugs or alcohol, of any limit, is the workers' fault. Keep in mind that many drug tests have look back periods weeks or months. This bill drastically changes the way that shoulder injuries are treated, whereas once such an injury could be considered a body of the whole injury, a shoulder injury is now treated the same as a scheduled member injury whether there is a career ending injury or an office worker falls in the parking lot. This bill also reduced the amount of interest that is paid on claims by insurance companies, making it easier for justice for workers to be delayed. This bill also aimed to make representation of workers by attorneys harder, and further this bill prohibits collecting workers' compensation and unemployment at</p>
88	Amendments to Workers Compensation Bill: H 1170 by Oldson <i>IFL Position was YES. Amendment failed 58-38, with 4 absent or not voting.</i>	<p>This amendment strikes the bill and replaces it with an interim study on worker's compensation, with representatives from labor and from management.</p>
89	Amendments to Collective Bargaining Bill: H 1211 to H 1176 by Carlson <i>IFL Position was YES. Amendment was adopted 66-30, with 4 absent or not voting.</i>	<p>This amendment struck the provisions on shoulder injuries and made a shoulder injury a scheduled injury for 400 weeks. This amendment struck provisions which end compensation at age 67. This limited the payments for an employee with a permanent partial disability who returns to work but allows the payments to be reviewed if employment ends. In addition, this amendment establishes a new vocational rehab program for persons with shoulder injuries to give them training at the closest community college, or another program if employee will not be able to return to work. The Department of Workforce Development determines if the employee cannot return to work. This requires the employer to pay up to \$15,000 in costs and allows the employer to receive status reports. Makes the interest payments start from the time of injury and sets the rate at 2%, plus the prime and makes the effective date July 2017. <u>While this amendment improved the bill, much, much more could have been done and many voted NO for that reason.</u></p>

	Budget Bills	The final budgets passed by both chambers contained deep cuts to many services that Iowans rely on. These cuts cause real pain to Iowans, and will lead to many layoffs or short-staffing in areas of government that have already been making do with less for years. While we understand this is a hard budget year, no attempt to seriously examine tax credits or other revenue streams were explored this session to fund the state's priorities and essential services. These following budgets exemplified the worst cuts:
97	SF 510 – Ag & Natural Resources <i>IFL Position was NO. Bill passed 57-40, with 2 absent or not voting. Signed by Governor.</i>
