

● Provisional Voting

- If your name is not on the list of registered voters, you may register to vote at the polls on Election day and vote a regular ballot.
- If you do not have the proper forms of ID to register on Election Day, or if someone challenges your right to vote on Election day, you may cast a provisional ballot.
- The envelope has a place for you to explain why you believe that the ballot should count. Before you leave the polls, you will be given a written notice explaining your voting rights and listing the date on which the special ballot board will meet. If your ballot is not counted, you will receive a letter in the mail explaining why it cannot be counted.
- Provisional ballots are counted the Thursday after Election Day
